John:

In the past couple of days, I have sold seven D&H DVDs (Volumes 1-5 to one guy; Volumes 4 and 8 to another). Also had one telephone inquiry and one email inquiry about the D&H DVDs.

This activity is a result of the Yahoo Groups post that you made on behalf of these DVDs. Thanks very much.

Interesting materials that you've found recently on E-Bay. Much appreciated. Thank you.

A Spring day today. Three cheers. It's been a long time coming.

June 18 to July 3: 2017: I'm going to Wales with a choir from here on a concert tour (5 concerts) of Wales. Hope to do some family genealogical research (my father's grandparents were all from Wales) while there; also some coal mining research.

Life is good.
